

## Whore

Get on your knees.  
Get on your fucking knees!  
Who do you think you are?  
I own you.  
I want you to beg for me.  
You'll do whatever I tell you like a good little slave.  
Lick up my spit!  
You love it.  
Don't you, you fucking whore!  
You're disgusting!  
Pathetic.  
You worship the ground I walk on.  
If you kiss my feet for a few minutes I might let you wear your favorite dress.  
The bruises and scars you possess are proof you are my possession.  
This is your dream.  
This is what you've always wanted.  
I know it is.  
Look at how happy you are pleasing me.  
You wouldn't want it any other way.  
You wear every punch, kick and slap like a badge of honor.  
No matter how hard you try to deny it, you will always find yourself suckling at my breasts.  
I want you to kill yourself for me.  
Do it.  
I want to watch.  
You're worthless!  
No one will miss you!  
You love me don't you?  
Die for me you fucking loser!  
Kill yourself!
