

Public Service Announcement

Revolution. Revolution. Revolution. Revolution. Revolution.
It is too late and they cannot be stopped
They have too much power and control
They own everything and write all the rules
They've got you by the balls and they'll take everything from you
You are their property
They own you
Could you how be and when if why then so did where
Revolution. Revolution. Revolution. Revolution. Revolution.
The end of the world is filmed in front of a live studio audience
